

History Project:

Now that you have learned a little about some of the great Irish inventors I would like you to research and complete a project on an inventor of your choice. This inventor does not have to be Irish but can be if you wish.

WILF (What I'm Looking For)

3rd - 6th please include: Nationality of inventor

When they were born and when they died (if dead!)

What they invented

3 interesting facts you learned about this inventor

5th/6th please also include: How this invention impacted life at the time?

What you think the world would be like now if this had not been invented?

You can present your project as a PPT, typed document, written project and picture uploaded to Seesaw, poster or google slides. Whatever works best for you.
