

A Trip to Europe!

1. Watch the video uploaded to Seesaw about the EU and read about some of the capital cities in the EU (3rd & 4th please read about 3 countries, 5th & 6th please read about all 6). Information about the capital cities is attached to weekly email.

2. Plan your trip to Europe!

You can either send a voice note, type or write your plan.

Here is what I want you to include:

- The city you would like to visit (it doesn't have to be one of the ones you read about) & why you have chosen this city.
- How you will get to there?
- What attractions you will visit.
- What currency you will use there.
- What festivals are celebrated in this city.
- What kind of food is available in this city.

5th and 6th I'm looking for a little more detail from you - what airport will you fly into - is this far from the city centre? - will you need to get a train? How much will it cost to visit the attractions you have planned to visit? If you are using a different currency what is the exchange rate? Etc.

Have fun!
